

Payroll and Time & Attendance

ComEdge Payroll

The **ComEdge Enterprise Solutions Suite** offers a complete payroll and employee management solution specifically designed to streamline and automate your payroll, benefits and human resource functions, freeing you up to concentrate on the more important aspects of building your business. Comprehensive payroll functionality integrates with the critical business areas within the accounting features of ComEdge, including payroll, taxes, benefits, government compliance, and many other related issues.

Features

- Hourly, Salary, Miscellaneous and Reimbursed Pay
- Allows Pre-Tax Deductions by Pre-Federal, Pre-FICA, Pre-State
- Deductions by Amount or Percentage with Definable Maximum Amounts
- Records Regular, Overtime, Holiday, Vacation, Sick and Personal Leave Hours and Pay
- Optional 3rd party labor collection integration
- Check Reconciliation Options
- Online Notepad for Each Employee
- Optional Direct Deposit to Multiple Banks and Accounts
- Multiple Earnings Reports
- Departmental Expense Reporting
- Tracks Social Security and Medicare Separately

ComEdge Time and Attendance

ComEdge Time & Attendance enables you to enforce employee time and attendance policies more effectively and maximize control over labor expenses. It also provides you with access to business critical data from anywhere in your organization.

Save money by eliminating paperwork

With ComEdge Time & Attendance, your organization can save significant time and money by making paper timesheets a thing of the past. You can apply your organization's attendance policies and pay rules consistently. It provides managers with real-time data along with the tools to control costs and improve productivity.

Control costly overtime and payroll errors

By enabling you to manage employee time and attendance in real time, ComEdge Time & Attendance makes it easier to control overtime so that you have all the data you need to make better decisions and control labor costs.

Flexible Integration

Time & Attendance input can come a variety of sources including Data Collection Terminals (DCT), tablets and desktops. Time & Attendance interfaces to all ComEdge Enterprise Solution modules. All transactions are easily fed back to ComEdge General Ledger.
